Meet the world of Heat Treatment and Surface Engineering in Moscow!

The Russian Society of Metal Science and Heat Treatment invites you to Moscow for participation in the 26 IFHTSE Congress in 2019, dedicated to the 180th anniversary of the famous Russian scientist Dmitry CHERNOV known worldwide as the father of metallography.

Today ROMIT inherits the tradition of uniting metal scientists that dates back to Chernov.

We hope that the Congress of 2019 in Moscow will contribute to the networking on the latest techniques in heat treatment of metals and surface engineering.

*The President of the Russian Society of Metal Science and Heat Treatment ROMIT,
Academician of the Russian Engineering Academy,
Professor ARKADIY TIKHONOV,
IFHTSE Fellow 2015*

**26th IFHTSE
CONGRESS
2019**

**September 17-19
Moscow, Russia**

Important Dates:

15 March 2019	Submission of abstracts
15 April 2019	Notification of acceptance
1 June 2019	Full paper Submission Author/ early bird registration

Submit your abstract!

Compile your abstract to the template on 26ifhtse.com, fill the copyright transfer form, and e-mail to

info@26ifhtse.com until **15 March 2019**.

Topics of the Congress:

Section of Metal Science and Heat Treatment:

- Heat treatment fundamentals;
- Heat treatment of structural steel;
- Heat treatment of sheet steel;
- Surface heat treatment;
- Induction heat treatment;
- Additive technologies;
- Heat treatment processes simulation;
- Heat treatment of nonferrous metals and alloys

Section of Thermochemical Treatment and Surface Engineering:

- Carburizing and nitriding;
- Carbonitriding and nitrocarburizing;
- Ion-plasma and electron-beam treatment;
- Laser and high-energy surface treatment;
- Coatings;
- Combined treatment;
- Process monitoring and thermochemical treatment simulation

Sponsorship & Exhibition

- Meet customers,
- make business contacts, and
- feature your products and services!

The 13th International Exhibition «Heat Treatment-2019» (www.htexporus.com), held within the framework of the 26th IFHTSE Congress, provides excellent business opportunities. Sponsoring options are multiple, some of them limited to one company only, so be the first to contract your appearance!

The next conference in cooperation with IFHTSE:

11th Tooling Conference & Exhibition

Programme now available on <https://tooling2019.com/>

The conference covers the entire field of tooling technology, its materials and processing science and engineering, including Heat and Surface Treatment, in 82 oral presentations and 18 posters.
